THE BV DOSHI ISSUE

LA GALERIE

'Studio' metal-frame stools with woven jute seats, 'Garden Chair' with woven black recycled plastic back and seat, chair with upholstered seat and metal frame, all designed by BV Doshi.

One of the first Ahmedabad buildings BV Doshi worked on, Le Corbusier's Mill Owners' Association Building makes a gallery-like setting for the latest in design, as well as the little-known furniture designed by the Pritzker Prize winner himself
